# Update on Achievements

## Operational Context

On 27 September 2020, clashes broke out along the line of contact and expanded to other areas in and around Nagorno-Karabakh, until a ceasefire statement was signed on 9 November. The conflict resulted in civilian casualties, destroyed infrastructure and some **90,000 people** displaced from Nagorno-Karabakh and adjacent districts to Armenia. According to the Government of Armenia, **36,989** persons were in a refugee-like situation in Armenia as of 25 May 2021.

Documentation, housing, decent employment and livelihood opportunities remain the most pressing needs of asylum-seekers and refugees. The COVID-19 pandemic, combined with the escalation of the conflict, aggravated the challenges associated with their difficult socioeconomic situation in Armenia.

UNHCR and partners work toward enhancing the protection environment while providing assistance to those most at risk. UNHCR advocates for inclusion of persons of concern in national response plans, including COVID-19 recovery and vaccination plans, and other legislative and administrative reforms.

### SHELTER AND NFI

- The needs assessment of **243 households**, covering 900 persons of concern, revealed their most pressing needs to be financial assistance, food, household items and hygiene items.
- **10 collective accommodation centres** hosting persons displaced from Nagorno-Karabakh were selected for renovations. The renovations, funded by the United States of America, Japan, European Union Humanitarian Aid (ECHO) and the UN's Central Emergency Response Fund (CERF), are expected to be finalized in the next quarter.

## Working in Partnership

- UNHCR Armenia, operating within the UN Country Team, cooperates with State and non-State stakeholders. UNHCR is a member of UN inter-agency coordination platforms and mechanisms. Jointly with the UN Country Team, it promotes the implementation of the Sustainable Development Agenda 2030 in Armenia.
- The UN Country Team in Armenia has established a flexible coordination structure under the co-leadership of UNHCR and the UN Resident Coordinator's Office. The coordination structure is centred around four humanitarian Working Groups (WGs), as well as a fifth WG on Early Recovery to strengthen the resilience capacity of both the refugee-like population and host communities. UNHCR leads the Protection WG and the Shelter and Non-Food Items (NFI) WG and co-leads the Sub-WG on Cash Assistance.

## Financial Information

In 2021, UNHCR Armenia is seeking **USD 15.4 million** to respond to the needs of people in a refugee-like situation and to cover the regular annual programme. The **Inter-Agency Response Plan's** financial requirements are **USD 62.1 million**.
